

Let the Games Begin! 15 Party Games to Break the Ice, Spark Laughter & Stir Things Up-By: Jodie-Marie

No modern party is complete without a few unforgettable games. Whether you're keeping it casual, getting the giggles going, or turning up the heat, here are 15 unique ideas to match any mood or crowd.

- 5 Icebreaker Games Everyone Will Actually Enjoy
 - 1. "Guess Who: Secrets Edition"
 Each guest writes a fun (or flirty!) fact about themselves. Toss them in a bowl, then guess who's who. Instant laughs.
 - 2. "This or That" Lightning Round Create a stylish board or slideshow with quickfire choices (Wine or whiskey? Beach or city? Hot tub or fire pit?). Great convo starter!
 - 3. "Party Passport" Give each guest a mini "passport" and challenge them to collect

signatures by finding others who fit certain prompts (i.e., "has a tattoo" or "speaks another language").

4. "Charcuterie Challenge"

Pair guests randomly and give them 5 minutes to build the most creative mini snack plate from the spread. Winner gets first cocktail!

5. "Emoji Translator"

Guests must describe a fun or random moment from their week using only emojis. The group tries to guess the story!

🍷 5 Games for a Chill & Fun Adult Evening

1. "Sip & Spill"

A classier twist on Truth or Dare: Draw a card and choose to answer or take a sip. Make the questions spicy, nostalgic, or funny!

- 2. "Name That Tune Throwback Edition"

 Create a playlist of '90s/2000s hits. First to guess the song title + artist wins a point. Bonus round: Lip sync battle.
- 3. "Mystery Menu"
 Serve drinks or appetizers with secret "names" (like "The Potion" or "Moonlight Crunch") and have guests vote on what ingredients they think are inside.
- 4. "Who's Most Likely To..."

 Print a deck or write on slips of paper—"Who's most likely to start a conga line?"—and point to the guest you think fits best.
- 5. "Pinterest Roulette"
 Pull up a board of saved ideas (decor, food, DIYs). Guests vote on which one you *actually* attempted or which is your next project.
- **6** 5 Risqué Games to Turn Up the Heat

1. "Flirty Firsts"

Everyone anonymously writes down a spicy "first" (kiss, date, awkward encounter). Shuffle and read aloud—guess who it is!

2. "Bedroom Bingo"

Yep—create cheeky bingo cards with prompts like "Loves lingerie" or "Has used whipped cream for fun." First to five wins a playful prize.

3. "Truth or Tequila"

Classic game with a twist: If you skip a question, you take a shot (or a spicy candy if you want a tamer vibe).

4. "The Sexy Scenario Game"

Create hypothetical situations (like "you're stuck in an elevator with your celebrity crush") and have guests say what they'd do.

5. "Forbidden Phrases"

Choose 3 "forbidden" words for the night (like "cute," "yum," or "cheers"). If someone says one—they have to reveal a guilty pleasure.
